

Stormwater Management Solutions workshop

November 7th, 2013
10 am – 2 pm

Water Caucus: Who Are We?

The Water Caucus promotes and communicates the **values of freshwater resources**, the need for **water conservation** and encourages greater **protection of our province's freshwater** resources for all Manitobans.

We envision a province in which individuals and communities **value and conserve** their freshwater resources.

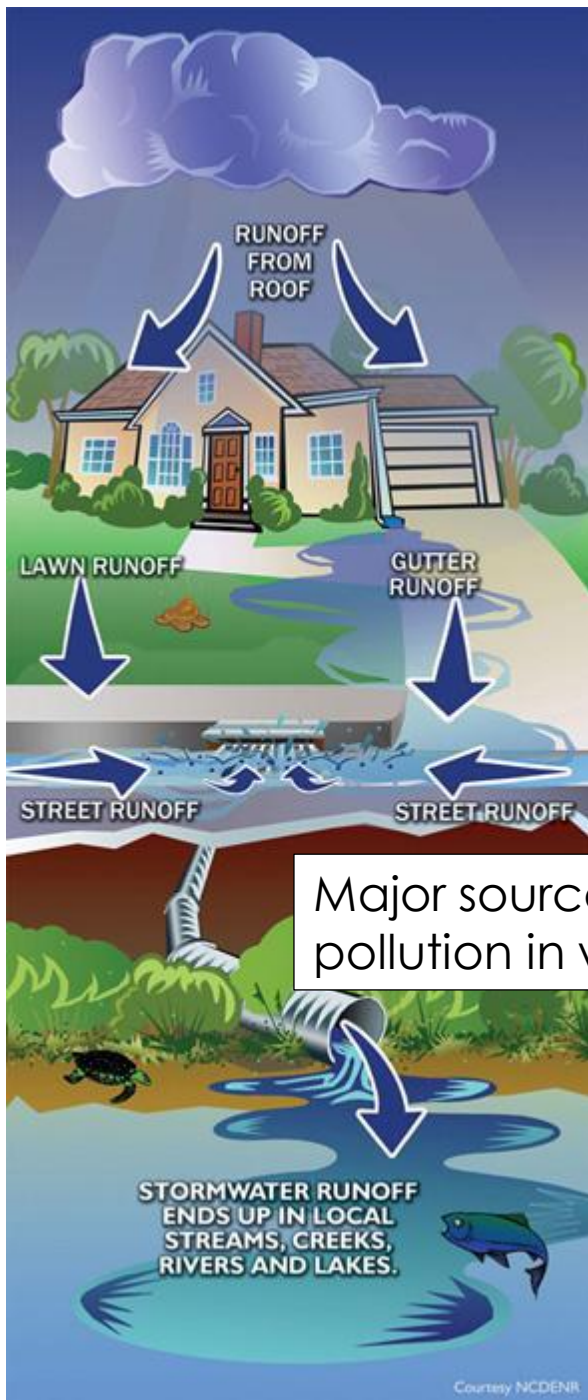

To learn more about us visit www.mbwatercaucus.org

Why Now?

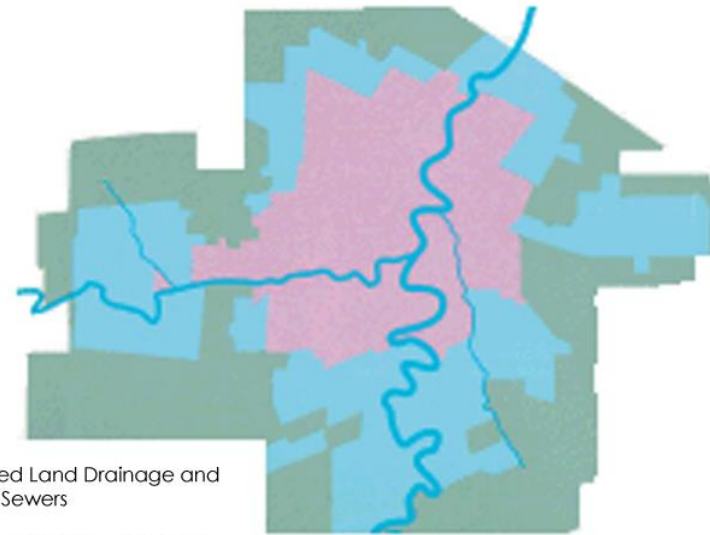

1 in 100 (?) year storm

Parking lot off Waverly after 4 hours of rain hits Winnipeg on June 20th, 2013

Major source of pollution in waterways

- Combined Land Drainage and Sanitary Sewers
- Separate Land Drainage and Sanitary Sewers
- Unserved Areas of Winnipeg

<http://winnipeg.ca/waterandwaste/sewage/overflow/present.stm>

- Combined efforts needed to reduce impacts
- **Innovation is key!**
